Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed the allowability the non-elect claim 28. Applicant believes that since the claim 18 is allowed, then the claim 28 should be also allowed. Examiner traverses the argument that the cancelled claim 28 is a different embodiment from the claim 18. The data storage medium of the claim 18 does not require the thermoset coating. However, the thermoset coating is required for the data storage medium in claim 28. In addition, there was no indication or evidence to allow the claim 28 when the examiner's amendment was prepared.
